

MAKS

MODERN GARDEN DESIGN

RELIABLE **QUALITY**

MAKS Kiesfix is one hundred percent water permeable. This prevents puddling since a high infiltration performance is obtained. The occurrence of tracks, holes or furrows is therefore a thing of the past.

FOR **WALKING** AND **DRIVING**

Whether you are designing paths, parking lots or driveways: Kiesfix gives every object it's individual and equally natural charm.

MAKS KIESFIX **PRACTICAL AND NATURAL**

If you are looking for a visually attractive as well as a natural and practical solution for your landscaping design, Kiesfix is the right answer for you.

Landscaping with these panels enables comfortable wheelchair and bicycle access, handling a baby carriage is also very easy.

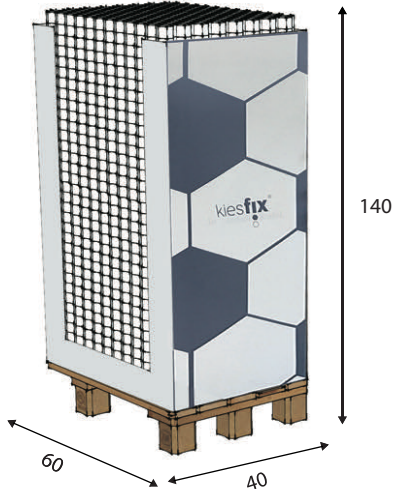

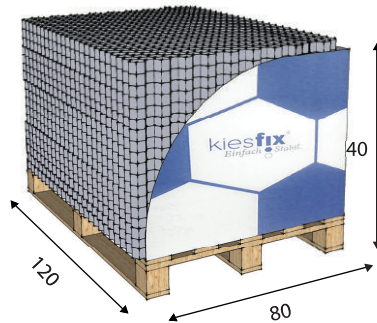

The Kiesfix panels, filled with gravel, form a durable and solid surface, which is equally suitable for the use of cars and trucks.

RIGHT FOR **EVERY PROJECT**

We have the right size Kiesfix structures for your project, whether large or small.

2 BOXES

We provide two compact display boxes for our various sizes. You may also order our shipping box without the display material in size: 120cm x 80cm x 250cm
